

As participants engage in a guided walk around an Indiana DNR property:

- ☐ Instructors share insights about local flora, fauna, and geological features.
- ☐ Historical narratives about the area are woven into the experience.
- ☐ Flexibility is offered with options for longer hikes, tailored to individual preferences.
- ☐ Instructors provide guidance on trail difficulty (grades, changes in level, surface type, width, etc.), expected duration, and points of interest.
- ☐ The program instills environmental stewardship through the incorporation of the seven Leave No Trace Principles.
- ☐ Discussions on responsible outdoor practices are seamlessly integrated into the walk.
- ☐ Participants learn how to minimize their environmental impact, reinforcing a commitment to responsible outdoor recreation.
